

GEL "EASY-PURGE"

Updated: 16/05/2018 N°05

EASY-PURGE is a gel for dispensing equipment. It is suitable for maintenance of dispensers that have been used for solder paste, assembly gel and adhesive.

- Compatible with most dispensers.
- Inert material (no adverse reaction).
- Quick and easy to use.
- Reduces down-time costs.

EASY-PURGE gel is made to strict quality assurance standards.

Dispensing

EASY-PURGE gel has been designed for most types of solder paste dispensing machines equipped with needles down to 0.2mm (using 25-45µm powder).

Packaging: Syringes and cartridges of 5cc, 10cc, 30cc and 150cc. Other on request.

Ambient Conditions

16-30°C and 35% to 80% RH.

Storage: 12 months in original container at ambient conditions.

Additional information:

Our manufacturing processes have been subjected to FMECA analysis (equivalent of AMDEC in France).

We cannot anticipate any and all conditions and situations under which the information and our products or the combination of both with others will be used. We do not assume any liability in the safety and suitability of our products alone or in combination with others. Users must make their own tests to determine the safety and suitability of each product used alone or with other products for their own use. Except any previous written agreement, our products are sold without guarantee and customers must assume all liability for any loss or damage suffered by themselves or by third parties, either from handling or use of our products alone or with others. In case of any difference or variation seen during the use of the products we request that you contact our technical department.
